Description of Work	Amount
PROPERTY LOCATION: 140 E 2nd Street, Riverside, IA MATERIAL, LABOR AND EQUIPMENT FOR: The sewer service line problems from the east side of the home where I was told there is cast iron, then orange burg that is failing all the way to the city's main. There is also a copper water service line through the sewer line about thirty feet out from the home. Excavate from the cast iron sewer line at the home out into the street and install a complete new four inch SCH 40 PVC sewer line, routing past the copper water line if it is an active line .This work includes dealing with a lot of below grade utilities that the locate shows. We would use our vac excavator to locate these to minimize the risk of costly damage to them and danger to us. A section of public sidewalk would be replaced after we excavate through it or we may be able to tunnel under it with our vac excavator. Compactible road stone placed in the excavated area of the street. Yard area back filled and reseeded after the settling of the ditch has occurred. Watering and care of the seed by homeowner. All the debris cleaned up and hauled away. ESTIMATE: NOTE: If we find an unexpected problem with the City's sewer main or the water service line that is beyond our control, we would show the problem to Kevin E. and talk options if there would be any problems. Kevin is estimating the depth of the City's main not to exceed ten feet. NOTE: If this job has to be done while the ground is frozen we would have to cover and thaw the ground, this could add \$1000 and possibly an additional cost if the frost level would be beyond forty-two inches. Submitted by: Terry Stumpf, President	4,800.00

This estimate is based on my visual observation, the cost could change due to any unforeseen circumstances.

This estimate may be withdrawn by us if not accepted within 30 days. Should you have any questions please email tina@stumpfconstructionia.com or ronna@stumpfconstructionia.com or call us at 319-648-3602. Thank-you!

Re: Riverside Wellness Center

Dear Lory,

Thank you for the opportunity to submit this proposal to the City of Riverside for designing a proposed new wellness center. The attached proposal (Exhibit A) is divided into a series of phases or options including:

- Concept Rendering
- Schematic Design

The Concept Rendering services are to generate an image of the front of a proposed wellness center on the property acquired by the City adjacent to the school on the northeast side of town. You have requested these services specifically at this time to begin gathering support and input from the community prior to the planning stages that follow.

The Schematic Design services outlined will further develop the scope of the project and what the wellness center will contain regarding gymnasiums, meeting rooms, exercise rooms, etc. It will also develop the wellness center's arrangement on the site in regards to traffic patterns, parking, site utilities and other site features. At this time, these Schematic Design services assume a previously selected site on property purchased by the City adjacent to the existing school on the northeast part of town. Should the City change from this site to a different location in town the amount of fee shown may need to be renegotiated to reflect this change in site.

All of these services will be performed on a cost-not-to-exceed basis so there is opportunity to explore additional options if time allotted in the fee allows.

Sincerely,

The term "Owner," as used in these restrictive covenants, shall refer to the person or persons (including any entity) who holds the legal title to any lot, or the equitable title when purchasing under contract. Ron,

It was a pleasure to meet you yesterday. I appreciate you taking the time to assist me in my requests for information.

I got on the University of Iowa Credit Union's web site today and these are the current rates available. As you see, they are offering 2.45% if the CD is \$250,000. I plan to put at least, that much and maybe up to \$300,000 in a CD. I attached the pages, feel free to research them for yourself.

The other thing I say was they are offering 1.25% on Money Market Accounts with an average daily balance greater than \$250,000. The City's averaged daily balance in our Money Market Account is

I would like to request an interest rate of 1.25% on this Money Market Account please. I work hard at trying to be a good steward of the Citizen's money so any help People's Trust and Savings can give the City will be greatly appreciated.

Type of Grant: Category 2: Community Recreation and Events

Requested Amount: \$10,000

Part 1: Quantitative Section: The YMCA of Washington County is open seven days per week. Hours of operation are Monday – Friday (5am – 9pm) Saturday (7am – 3pm) Sunday (1-4:30pm). The YMCA has locations in Wellman, Kalona and two locations in Washington. We are currently offering programs in Riverside; particularly Camp Highland that is offered at the Riverside Elementary School. The YMCA of Washington County has 3200 members and serves 4400 non-members throughout Washington County. Ninety-five percent of these members live in Washington County. In 2015, there were a total of 89,000 visits at all locations.

Part 2: Qualitative Section: The YMCA of Washington County supervised Camp Highland the summer of 2015. The camp had a total roster of 30 children. They were from the towns of Riverside, Ainsworth, Crawfordsville, Lone Tree and Iowa City. This program collaborated with the Kalona Library, Washington Steele Aquatic Center, Kalona Pool, Washington State Theatre and participated with the University of Iowa's Mobile Museum. Camp Highland also collaborated with Highland School District as the school let the children be there for free. Joint marketing efforts for the camp were collaborated with the Washington Community YMCA's camp. This helped on expenses and advertised Camp Highland county-wide. All children swam for free in Washington since the YMCA manages that pool facility.

We are extremely happy to oversee Camp Highland because it creates a place where the children can have supervised fun activities close to their homes. It has given the Y an opportunity to provide different types of activities for a diverse group of children. The YMCA is also extremely happy to offer this program in the City of Riverside as it brings our mission to the community.

Part 3: Fiscal Accountability: See Attachments

Quantitative Section: Camp Highland is a wonderful experience for children grades kindergarten – fifth grade. It offers adult supervision with opportunities for trip experiences, physical activities, educational activities, mentoring and the ability to be creative. Swimming is also included. The program is offered during the months of June and July, 6am – 6pm, Monday – Friday.

General attendance last year: 25 youth, Monday – Friday each day

Cost of program: \$150 per week per child
