RIVERSIDE FIRE DEPARTMENT

FIRE / RESCUE / EMS / HAZMAT

October 2020 Update

Calls for Service:

Medicals - 17
Structure Fires – 2
Motor Vehicle Accidents – 2
Grass Fires – 2

Total calls – 23 calls for service in October

RFD responded to a mix of calls for the month of October, the call volume has picked back up since the start of COVID. We were at one point during March and April 25 calls behind normal, we have since caught back up. If those 2 months would have been normal call volume wise we would be about 20 calls more than a year ago already.

Training:

The members trained on vehicle extrication this month. It included vehicle stabilization, patient care and cutting vehicles apart with our tools.

RESA:

The members are planning a drive thru pork loin meal on Friday November 20th from 5pm to 7pm at RFD. The members continued working on and selling community support T-Shirt, calendars and silent auction ideas.

Other News

The new truck should be here the first week or so of December, it will then take about another month to get it up and going. The command staff started conducting building pre plans for all business and multi family dwellings in our district. This process will include a building walk through/inspection, update contact info and location of utility services. The old RFD ambulance has been picked up by WCA for them to use.

“WE”RE STILL HERE AND READY TO RESPOND”

4th Street Improvements Project
Change Order #11

The following changes to the contract are requested to reduce the cost due to sidewalk thickness less than the specified thickness.

The change required is as follows:

<u>Item</u>	<u>Est Quantity</u>	<u>Unit Price</u>	<u>Total Estimated Cost</u>
Price Reduction for Thin Sidewalk	1 LS	-\$146.26	-\$146.26
TOTAL CHANGE			-\$146.26

Change to the Contract

This change order would add the above item to the contract and decrease the amount of the contract by \$146.26.

Reason for changes

There is an area 32'x4' which does not have the proper thickness. The thickness specified was 5" and the thickness poured averaged 4". The unit price for this area will be reduced by 20%. The unit price for sidewalk is \$51.50/SY. There is a total of 14.2 SY. $\$51.50 \times 14.2 \times 0.2 = \146.26 .
