There is a possibility under a coverage extension that includes a \$15k limit, but the final determination for coverage would need to be made by EMC. The \$2500 deductible would also apply to the claim.

Should we proceed with submitting the claim?

Thanks
Scott

Goof morning Scott,
We are really falling apart down here.....

We've had issues, the past few weeks in City Hall with H-vac system.
Burning, watering eyes and headaches.
Heat company checked for CO gas.
Nothing there, so he said to get mold check.
RENEW mold mitigation from Marion came down and found
mold on exterior walls of Council Chambers.
